

TT-UC30 Ultrasonic Cleaner

Specification (original English text)

Technical data

Parameter	Value
Ultrasonic frequency	40 KHz
Inner liner material	SS304
Capacity	30 L
Adjustable temperature	Room-60 °C
Adjustable time	LCD timer 1-99 minutes
Ultrasonic power	600 W
Heating power	500 W
Inner liner dimensions	500 × 300 × 200 mm (L×W×H)
Outer dimensions	671 × 393 × 458 mm (L×W×H)
N.W.	15.07 kg
G.W.	17 kg
Accessories	Equipped with mesh frame, soundproof cover

Figure

[FIGURE: Product photograph of the TT-UC30 ultrasonic cleaner.]

The original document contains a product photograph at this position (the same photograph as used for the TT-UC20). The photograph shows the unit itself; it carries no labelled controls, connectors or dimension callouts, so it conveys no textual information beyond the technical data above. The image is reproduced below for identification.

Notes on the source text

- In the source document the heating power and the inner dimension line run together as “500Winner”; this is read here as “500 W” plus “inner (liner) dimensions”.
